Other Scholarly Teaching, Mentoring, and Curricular Achievements

Oversight of offering the DNP program on the Houston campus

Curriculum development for the DNP to PhD bridge program approved 2010; development of one new course for this program NURS 6124 Role Differentiation: Practice to Research (first taught during the Spring 2013 semester)

International scholarship activities in which I have participated:

- Development of graduate-level study abroad courses in Vietnam, Indonesia, Japan, The Netherlands, and Peru
- Interim International Nursing Coordinator, Proposed TWU CON Center for Global Nursing Scholarship, 2011-2012
- Assisted with mentorship of Jun Yang, visiting scholar from China, 2014-2015
- Mentor for Dr. Gulden Guvenc, visiting scholar from Turkey, 2010-2011
- Member, TWU CON Center for Global Nursing Scholarship, 2007-Present
- Member, American Academy of Nursing, Expert Panel on Global Health, 2010-Present
- Member, Panel of PhD Examiners, College of Nursing, Christian Medical College, Vellore, India, 2007-2014
- Teaching undergraduate nursing courses and serving as the commencement speaker at the Rebekah Ann Naylor School of Nursing in Bangalore, India, 2007
- Serving as a consultant to Jaya Singh, the proprietor of a nursing school in New Delhi India, 2007
- Taught courses on the Development of Multiple Choice Tests, Electronic Evaluation of Tests, and Use of the NCLEX Exam in the United States for a Consortium of Nurse Educators, New Delhi, India, 2007
- Collaborating with Rotterdam University to set up a pen-pal program for PhD nursing students, 2007-2009
- Employment as a contractor, JHPIEGO (an affiliate of Johns Hopkins University) and the Supreme Council of Universities in the country of Egypt. The USAID/Cairo Health Strategic Objective, Healthier Planned Families focuses on improving the overall quality, availability, and use of key services in family planning, reproductive health, child survival, infectious diseases, maternal health, and emergency medicine through the education of nursing and medicine faculty, 2005

Recipient of the Marilyn Bagwell Faculty Development Award, TWU College of Nursing, 2008

Serving as the Houston representative to mentor GAANN fellows on the Houston campus. "Mentoring Four Nursing PhD Fellows to Become Nurse Educators," Consultant on a grant proposed by S. Northam and J. McFarlane, US Department of Education, Graduate Assistance in Areas of National Need (GAANN) Program CFDA No. 84.200, 2005-2011 (Funded: \$710,000)

Served as a Maternity Nursing Consultant for the Texas Children's Health Plan, a state-wide program to educate lay providers of health care to assure that pregnant women on Medicaid are able to access proper prenatal care with the goal of improved health status of newborns (2006)

Demonstrated creativity in the development of course offerings for PhD nursing students. These courses were evaluated for their effectiveness in meeting student learning needs. They received favorable evaluations from students and may be offered again as indicated by student needs or interests. In addition, the inclusion of adjunct faculty alleviates the stress placed on TWU faculty to offer the special topics courses required by the doctoral nursing curriculum.

- Various travel abroad courses described above
- End of Life and Beyond course taught in the spring of 2015

- Global Women's Health course taught in the fall of 2009 and fall of 2013
- The Women with Disabilities was a fabulous interdisciplinary course taught by Dr. Peg Nosek, a woman with disabilities and a guru in feminist theory and women's health policy.
- The legal aspects course was taught by an attorney, nurse, and TWU alumna fulfilling a topic request by students.
- The Concepts of Environmental Design course has created a unique collaboration with industry and provided a variety of research and professional opportunities for students enrolled in the course. I received the TOBGNE Innovations in Teaching Award for the development of this course – a state wide recognition that carries a monetary award.
- An advanced environmental design course was developed entitled Evidence by Design – Futuristic Care of the Elderly.
- Anthropology of Women's Health was a unique presentation of women's health issues and explored the feasibility of having Dallas faculty come to Houston to teach a classroom course.
