

VITA
Allen E. Cornelius, Ph.D.

EDUCATION

Ph.D., Counseling Psychology

University of North Carolina at Chapel Hill, Chapel Hill, NC
August, 1995

Master of Arts, Sport Psychology

University of North Carolina at Chapel Hill, Chapel Hill, NC
December, 1991

Master of Forensic Sciences

George Washington University, Washington, DC
February, 1980

Bachelor of Arts, Chemistry and Philosophy

Franklin and Marshall College, Lancaster, PA
May, 1978

TEACHING EXPERIENCE

Core Faculty & Full Professor

University of the Rockies, School of Professional Psychology, Colorado Springs, CO
December, 2009 to present

- Chair of the School of Professional Psychology. August 2011 to December 2014
- Teach basic and advanced statistics courses and quantitative and qualitative research courses; teach sport psychology courses
- Chair and serve on dissertation committees, both on ground and online
- Mentor and advise doctoral students on academic and career issues
- Provide statistical and methodological guidance for doctoral students on their dissertations
- Chair of the APA Accreditation Task Force
- President of the School of Professional Psychology Faculty Council
(two terms: 2011-2012, 2013-2014)
- President of the Faculty Senate (2015-2017)
- University committee member (e.g., Institutional Review Board)

Faculty Research Specialist

Fielding Graduate University, Clinical Psychology Program
July, 2015 to present

- Serve as methodologist on dissertations
- Teach in-residency and online statistics and research courses.

TEACHING EXPERIENCE (cont.)**Adjunct Faculty**

Walden University, School of Psychology, Minneapolis, MN

October, 2009 to October 2010

- Taught *Psychology and Social Change* and *Statistics I* online
- Trained to do online supervision of student theses and dissertations

Springfield College, Department of Graduate Studies, Springfield, MA

January, 1999 to May 2009

- Designed and taught *RSCH 610 – Foundations and Methods of Research*, a required graduate class covering the basics of research design, methods, and writing. This course prepares graduate students to be good consumers of research and potentially conduct their own research projects. In the Fall of 2007, I designed and taught a special section for psychology students with little or no previous research background.
- Designed and taught *RSCH 620 – Educational and Psychological Statistics*, a graduate level statistics course that introduces students to statistical concepts and reasoning and prepares students to conduct analyses on their own theses or research projects.

Springfield College, Department of Psychology, Springfield, MA

January, 2004 to May, 2009

- Designed and taught *PSYC 674 – Counseling for Enhanced Performance*. This course was designed to teach students intervention skills with athletes, including various theoretical approaches and techniques. This course also covered the majority of sport psychology concepts typically discussed in a graduate level sport psychology class.
- Designed and taught *PSYC 656 – Life Skills*. Students in this class learned about life skills and how these skills can transfer from one domain to another. Students designed and delivered life skills workshops to student-athletes.
- Taught 2 sections of *PSYC 686 – Fieldwork Seminar*, in Spring 2006. This course involved supervising the fieldwork of graduate students enrolled in the Athletic Counseling program. Students worked with teams and student-athletes on a variety of academic, personal, and sport related issues.

Springfield College, Department of Applied Exercise Science

Spring, 2000

- Co-designed and co-taught *AEXS 372 – Stress Management*, a graduate class focusing on the psychophysiology of stress and methods of stress management.

TEACHING EXPERIENCE (cont.)

Adjunct Faculty

Western New England College, Department of Psychology, Springfield, MA
Spring, 2001

- Designed and taught *PSY 265 – Sport Psychology*, an undergraduate course introducing students to the field of sport psychology.

University of Hartford, Department of Psychology, West Hartford, CT
Fall, 1997 to Fall, 2000

- Designed and taught *PSY 265 – Sport Psychology*, an undergraduate course introducing the field of sport psychology.
- Designed and taught *PSY 274 – Inferential Statistics for the Behavioral Sciences*, an undergraduate statistics course.

Psychology Intern

University of Delaware, Center for Counseling and Student Development, Newark, DE
January to May, 1995

- Co-designed and co-taught *EDDV 676 – Prepracticum in Counseling*, a graduate course in basic counseling skills.
- Presented several lectures on theories of counseling in *EDDV 372 – Counseling Theories*, an undergraduate counseling theories course.

Graduate Assistant

University of North Carolina at Chapel Hill, Department of Physical Education, Exercise and Sport Science, Chapel Hill, NC
January to May, 1994

- Designed and instructed *PHYE 225 - Research Techniques*, a graduate course in the evaluation, planning, conducting, and reporting of scholarly research.

August, 1989 to December, 1992.

- Instructed physical education activities classes, guest lectured in sport psychology classes, and assisted with practicum in sport psychology.

Guest Instructor

Transportation Safety Institute, Oklahoma City, OK
1986 to 1989

- Designed and instructed courses in crime scene investigation and arson analysis for foreign national law enforcement officials.

RESEARCH AND OTHER EXPERIENCE**Statistical Consultant**

Springfield College, Exercise and Sports Sciences Department, Springfield, MA

2009 to present

- Provide ongoing statistical support to a NIH grant awarded to Samuel Headley, Ph.D., entitled “The effect of short-term aerobic training on arterial stiffness and blood pressure in CKD patients.”

Associate Director

Springfield College, Center for Youth Development and Research, Springfield, MA –

July, 2007 to June 2009

- Managed all aspects of research and evaluation of the Center
- Assisted with Springfield College research and programming projects
- Consulted with outside agencies on research and evaluation related to their programs
- Wrote grants to support the initiatives of the Center.
- As part of a team, developed a proposal for a Psy.D. degree in the Springfield College Psychology Department

Associate Director and Commissioner of Research

National Football Foundation Center for Youth Development through Sport at Springfield College, Springfield, MA

September, 2001 to June, 2007

- Coordinated and conducted research related to youth development through sport
- Designed the evaluation protocols and analysis of data related to the Play It Smart program, a youth development program that served over 130 high schools throughout the United States
- Contributed to the training of Play It Smart Academic Coaches,
- Supervised team of graduate students
- Wrote grants for the NFF Center

Research Scientist

Springfield College, Psychology Department, Springfield, MA

January, 1999 to June 2009

- Coordinated data collection and conducted analyses for several multi-year NIH grants investigating factors related to adherence to physical therapy after reconstructive knee surgery and the efficacy of an informational CD-ROM for ACL surgery patients
- Director for the Center for Performance Enhancement and Applied Research (CPEAR), which involved providing statistical and research support for a team of 3 faculty members and 10+ graduate students who were conducting research projects and developing grant proposals

RESEARCH AND OTHER EXPERIENCE (cont.)**Statistical Consultant**

New England Orthopedic Surgeons, Springfield, MA

2002 to 2006

- Statistical consultant on several projects, including an investigation of the wear rates of two types of liners used in hip replacement surgery.

Truman State University, Health and Exercise Science Program, Kirksville, MO

1999 to 2001

- Instructed faculty member in the use of AMOS, a structural equation modeling (SEM) program, and offered continued support in analysis, interpretation, and manuscript preparation on SEM projects.

Adjunct Dissertation Director

University of Hartford, Graduate Institute of Professional Psychology, West Hartford, CT

1999-2002

- Served as dissertation director for one student enrolled in a doctoral program in professional psychology and was a member of two other dissertation committees

Forensic Chemist

Oklahoma State Bureau of Investigation, Oklahoma City, OK

April, 1981 to May, 1989

- Collected and analyzed evidence from crime scenes
- conducted training workshops in a variety of crime scene related topics
- testified in court
- maintained case records
- conducted training as state certified firearms instructor

COUNSELING EXPERIENCE**Licensed Psychologist**

State of Connecticut, License # 002071 – December, 1996 to July, 1999.

Staff Counselor and Director of Training

Counseling and Personal Development, University of Hartford, West Hartford, CT

August, 1995 to January, 1999

- Conducted individual and group counseling, intakes, and assessments
- Provided emergency on-call services to campus community
- Maintained confidential records
- Directed research projects concerning the department
- Served as liaison to hospitals and psychiatrists
- Directed training of doctoral practicum counselors
- Supervised doctoral level psychology graduate students
- Presented psychoeducational workshops
- Served on university committees

COUNSELING EXPERIENCE (cont.)**Psychology Intern**

Center for Counseling and Student Development, University of Delaware, Newark, DE
August, 1994 to July, 1995.

- Conducted personal, academic, and career counseling
- Co-led group therapy
- Conducted intakes and assessments
- Supervised masters level practicum student
- Presented psychoeducational workshops
- Consulted with Student Services for Athletes and the athletic department

GRANT-RELATED WORK

Van Raalte, J. L. (2015). *Student-Athlete Career Development* (\$10,000). NCAA Innovations in Research and Practice Grant Program.

- Assisted with research design for grant application and will provide statistical analysis support throughout duration of the grant.

Van Raalte, J. L. (2014). *Mental Health Referral for Student-Athletes: Web-Based Education and Training* (\$10,000). NCAA Innovations in Research and Practice Grant Program.

- Assisted with research design for grant application and provided statistical analysis support throughout duration of the grant.

Headley, S. (PI). (2009-2012). *The effect of short-term aerobic training on arterial stiffness and blood pressure in CKD patients* (\$228,939). National Heart, Lung, and Blood Institute Grant.

- Assisted with research design for grant application and provided statistical analysis support throughout duration of the grant.

Brewer, B. (PI). (2006-2009). *Behavioral Multimedia for ACL Reconstructive Surgery* (\$611,730). National Institute of Arthritis and Musculoskeletal and Skin Diseases Small Business Technology Transfer Phase II Grant.

- Assisted with research design and grant application and provided statistical analysis support throughout duration of the grant.

National Football Foundation Play It Smart Program (PI). (2004-2005). *PLAY IT SMART Expansion Project* (Initial award - \$10,700,000 for 5 years; only first year of grant was funded due to administrative changes at the US Department of Education). US Department of Education Grant.

- Designed all aspects of research design and statistical analysis.

GRANT-RELATED WORK (cont.)

Brewer, B. (PI). (2003-2004). *Behavioral Multimedia for ACL Reconstructive Surgery* (\$99,803). National Institute of Arthritis and Musculoskeletal and Skin Diseases Small Business Technology Transfer Phase I Grant.

- Assisted with research design and grant application and provided statistical analysis support throughout duration of the grant.

Van Raalte, J. L. (PI). (2003-2005). *Multimedia for College Student Eating Disorder Education* (\$99,803). National Institute of Mental Health Small Business Technology Transfer Grant.

- Assisted with research design and grant application and provided statistical analysis support throughout duration of the grant.

Brewer, B. (PI). (1998-2003). *Rehabilitation Adherence and ACL Reconstruction Outcome* (\$507,065). National Institute of Arthritis and Musculoskeletal and Skin Diseases First Independent Research Support and Transition Award Grant.

- Provided data collection and statistical analysis support throughout duration of the grant

Brewer, B. & Cornelius, A. (PIs). (1999). *Cross-cultural Study of Goal Orientation and Attribution in American and Japanese Physical Education Students* (\$800). Kyushu Institute of Technology Collaborative Research Grant

- Assisted with research design and grant application and provided statistical analysis support throughout duration of the grant.
